What is Service-Learning?

Service-Learning is a teaching approach integrating academic instruction with community service that engages students in civic responsibility, critical and creative thinking, and structured reflection.

This Service-Learning Project LEARNING AGREEMENT is designed to:

- Assist the student and agency in understanding the learning objectives for the course.
- Clarify the activities in which the student will be involved at the agency in relation to the learning objectives.
- Insure that both the student and the agency are aware of their responsibilities as partners in this service-learning project.

FINAL AGREEMENTS:

We agree to honor the minimum commitment required for the service-learning option in this class, as well as any of the additional training and/or time requirements of the service-learning site as detailed by the course syllabus and the agency/school representative. We also agree to contact either our professor or the Director of Community Engagement should we have any concerns about the service-learning project.

Student Signature: _____ **Date:** _____

I agree to provide adequate training and supervision for the service-learning students, to plan activities for the students within the agency which meet the stated learning objectives for the students' course, and to complete necessary service-learning forms by due dates (learning contract and final evaluation). I also agree to contact the Director of Community Engagement at 359-2792 should I have any concerns about the service-learning project or students.
